Disease Now Slaying More Allied Forces Than Bullets

BERLIN ADMITS ALLIES WON VICTORY IN ALSACE

BERLIN, JAN. 4 (Via wireless).—FRENCH SUCCESS IN ALSACE WAS OFFICIALLY ADMITTED THIS AFTERNOON. THE GREATEST ACTIVITY IS BEING DISPLAYED IN ALSACE, WHILE THE OPERATIONS ON THE REMAINDER OF THE FRONT ARE CONFINED MAINLY TO ARTILLERY. AFTER TERRIFIC BOMBARDMENT OF THE HEIGHTS WEST OF ZENNHEIM THE ALLIES OCCUPIED TRENCHES DEMOLISHED BY THE GERMANS.

THE ALLIES CAPTURED THE HEIGHTS AND VILLAGES AROUND STEINBACH BY VIOLENT BAYONET ONSLAUGHTS AFTER A STRONG AND HEROIC GERMAN DEFENSE. FIGHTING FOR POSSESSION OF STEINBACH CONTINUES.

AT THE EAST THE SITUATION REMAINS UNCHANGED. GERMAN ATTACKS EAST OF THE RAWKA RIVER, IN POLAND, CONTINUE.

TURKS SUFFERED SEVERE DEFEAT.

PETROGRAD, Jan. 4.—An official report from Tiflis states that the Russians defeated the Turks in a violent engagement. Five thousand Turkish prisoners were taken.

GARDNER ROASTED ADMINISTRATION.

WASHINGTON, Jan. 4.—In a speech delivered in the house today Representative Gardner of Massachusetts caustically criticized the administration for its policy relative to the proposed army increase. Gardner declared that the congressional inquiry into the condition of the army and navy is being muzzled by politics.

LONDON EXCHANGE OPENED AGAIN TODAY

LONDON, JAN. 4.—AFTER HAVING BEEN SUSPENDED FOR FIVE MONTHS, THE LONDON STOCK EXCHANGE REOPENED TODAY FOR THE TRANSACTION OF BUSINESS ON A RESTRICTED SCALE. THERE WAS A LARGE ATTENDANCE AND THE TRADING WAS FAIRLY STEADY.

NEGRO TWAIN LYNCHED IN ALABAMA.

MONTGOMERY, Jan. 4.—Ed and Will Smith, negroes, accused of complicity in the murder of R. A. Stillwell, a white farmer, were taken from the Wetumpka jail early today and lynched. A company of state militia was ordered to the scene but it arrived too late.

ALLIES' LOSSES HEAVY ON ACCOUNT DISEASE; DESPERATE FIGHTING

PARIS, JAN. 4.—IT IS IN THE HOSPITALS THAT THE ALLIES ARE SUFFERING THEIR HEAVIEST LOSSES NOW. THOUSANDS OF BRITISH, FRENCH AND BELGIAN SOLDIERS ARE DYING FROM PNEUMONIA AND KINDRED DISEASES CAUSED BY EXPOSURE IN THE TRENCHES DURING STORMY WEATHER. THOUSANDS OF OTHER TROOPS ARE INCAPACITATED ON ACCOUNT OF RHEUMATISM. THE HOSPITALS AT BOLOGNE, DUNKIRK AND CALAIS ARE OVERFLOWING WITH SICK MEN.

THERE HAS BEEN DESPERATE FIGHTING TODAY AMONG THE SAND DUNES EAST OF NIEUPORT. THE GERMANS ARE VIOLENTLY BOMBARDING THE FRENCH IN EAST AMIENS IN AN UNSUCCESSFUL EFFORT TO CUT THROUGH THE ALLIES' MAIN LINE OF COMMUNICATION. ARTILLERY FIGHTING IS IN PROGRESS IN THE NORTHERN ARGONNE REGION, IN THE LAGRURIE FOREST NEAR THE HEIGHTS OF VERDUN, AND IN UPPER ALSACE WHERE THE GERMANS ARE MAKING AN EFFORT TO CHECK FRENCH PROGRESS. THE FRENCH ARE BOMBARDING ALTKIRCH, EIGHT MILES SOUTHWEST OF MULHAUSEN, AND THE GERMANS, RE-ENFORCED, ARE DELIVERING SEVERE ATTACKS AROUND THANN AND STEINBACH.

UNSUCCESSFUL ATTEMPT TO LAND TROOPS.

BERLIN, Jan. 4.—The Russian cruiser Askold attempted to land troops near Jaffa last Saturday, but was driven off by coast guards.

NAUTILUS CASINO OPENS PROMISINGLY

MANY PEOPLE ON HAND TO PARTICIPATE IN THE OPENING OF PERFECTLY APPOINTED AMUSEMENT RESORT.

Right graciously and auspiciously did the Nautilus casino make its 1915 season bow to the amusement-loving public on Saturday evening, notwithstanding the weather man's scurvy effort to concentrate all the mercury at the wrong end of the tube. A large number of people braved the extraordinary chilliness (the temperature was actually down almost to 40 F.) and were repaid with a most delightful evening.

Among the interesting features was an exhibition of swimming and diving in the natatorium's big salt pool by the director of this department, Frank McCullen, of Atlantic City, N. J. Mr. McCullen, besides being one of the world's champion swimmers, is a member of the Atlantic City life guards and enjoys the distinction of having saved over 1,000 people from drowning.

Early in the evening the throng of ladies and gentlemen congregated in the beautiful palm garden were delighted with an exhibition of superb dancing by Miss Alice Green, and the casino's amusement director, C. W. Lasker, who presented a number of the more difficult and popular steps. Immediately following this, several dozen couples occupied the floor, and to music supplied by the Nautilus lady orchestra, danced until midnight.

Resting on the ocean front, the Nautilus commands an almost unparalleled maritime view, with the magnificent 30-mile beach stretching away in either direction. From the windows of the palm garden one may watch the rolling surf or the flights of the intrepid aviator, Ruth Law. On the opposite side the casino commands a view of the golf links' entire expanse. The palm garden is a delightful place for luncheon parties or afternoon teas. For those who love to wield the nimble foot there is the finest dancing floor in Daytona. Music is discoursed by

the lady orchestra afternoons and evenings.

The most novel and, to many persons, the most enjoyable feature of the casino are the bathing appointments. A swimming pool 100 feet in length, the largest in the south, is kept constantly supplied with warm sea water, which is pumped from the ocean and warmed in a huge boiler, assuring at all times in the tank absolutely clean water of the proper temperature. A large fresh-water pool, also warmed, adjoins, and shower baths are also provided. Comfortable dressing rooms and all other conveniences make bathing a pleasure.

Owing to necessary repair work the large tank will not be ready for bathers until Saturday. The fresh water tank, however, is now available.

A special department has been provided for those who desire a sulphur or medicated bath treatment. This is under the direction of Mr. Purdue. The finest courts in Florida are being laid out for tennis players, and particular attention has been paid to the playground for children. Many amusements have been provided for boys and girls, with conveniences for mothers and nurses. The use of this feature is free.

Every morning at 11:00 o'clock Ruth Law will make aeroplane flights, weather permitting, from the Nautilus hangar.

The first of a series of formal dances takes place Tuesday evening.

Roy Brokaw returned Saturday from a visit of about ten days with his uncle, W. R. Brokaw, and family at Orlando.

TIME TELLS
THE STORY!

"Putting off until tomorrow" has robbed people of more in a single day than all the thieves in the world steal in a whole year—how much have you saved in the last twelve months? Are you any further ahead? Have you started to provide for your old age? Remember that

"Rainy Days"
Come to All

On all deposits made before January tenth, this safe—but progressive—financial institution allows interest at 4 per cent. per annum figured from the first day of the year. If you start right in now you will have a snug little balance to your credit when the year comes 'round again.

One dollar opens an account and also paves the way to a happy day. "Time tells the story."

RESIGNS POSITION AS BANK CASHIER

A. MILLIGAN, FOR SEVERAL YEARS WITH FIRST NATIONAL BANK, SEVERS HIS CONNECTION WITH THAT INSTITUTION.

Alviere Milligan has resigned his position as cashier of the First National bank of this city, but will remain with the bank through the rush of the busy season, later taking a much-needed rest from the strenuous work necessitated by the increasing business of the bank and the close confinement required.

Mr. Milligan has been with the bank for the past three years as assistant cashier and cashier, and his resignation, which was tendered to take effect with the first of the year, was accepted by the directors with the greatest regret. His retirement will also be a matter of regret to his companions in the bank and to the patrons of the institution, to whom he has always shown the greatest courtesy and attention.

MUST GET BANQUET TICKETS NOT LATER THAN THURSDAY

Tickets for the Daytona board of trade banquet, which is to be held at the Hotel Despland on Friday evening, January 9th, must be secured by persons wishing to attend not later than Thursday, the preceding day. Secretary Benford Deacon is in charge of the ticket sale, and all applications for places should be addressed to him, at the office of the board, 15 Orange avenue.

Benford Deacon, secretary of the Humane Society of Daytona, has received a contribution of \$20.50, for the American Red Cross society, from the Congregational, Baptist, Methodist and Christian churches.

JUDGE SEARS BUYS BEACH STREET LOT

WILL ERECT BUSINESS BUILDING ON ONLY REMAINING VACANT PROPERTY IN BEACH STREET BUSINESS SECTION.

Judge Nathaniel C. Sears, prior to his departure Sunday for Chicago, Ill., purchased through the agency of N. Y. Boris, the John Case lot, with 25 feet frontage on Beach street, between the Donnelly and Shoemaker buildings, upon which he contemplates the erection of a brick building of two or three stories, the ground floor for business purposes with apartments above. The erection of a building on this lot will close the only vacant place remaining in the business portion of Beach street.

GOTHAM SOCIETY'S TEA DANCE

NEW YORK, Jan. 4.—New York's most elite tea dance was opened on the roof of the Strand theater today under the patronage of Miss Anne Morgan, Mrs. W. K. Vanderbilt, Miss Elizabeth Murbury and Miss Elsie De Wolfe. There will be a variety of entertainments with luncheons at low prices for afternoon tea and dances. The management will be represented at every session by two of its members. No wines will be served, but there will be a wide variety of soft drinks. Miss Morgan will be in charge of the tea room.

PREACHES INITIAL SERMON

AT ST. MARY'S CHURCH

Rev. Dr. Robert McKay held his
initial service at St. Mary's Episcopal
church Sunday morning at 11 o'clock,
preaching an able and interesting ser-
mon to a large congregation. The
offertory was rendered by the quartet
choir. Dr. McKay arrived last week,
accompanied by Mrs. McKay, to as-
sume the duties of rector of St. Mary's
church, coming from Moorestown, N.
J., where he had been located for
many years and was held in high es-
teem.

STILL ANOTHER GOOD WEEK'S ATTRACTIONS

SIMPLE SIMON MUSICAL COMEDY
COMPANY, REALLY HIGH-CLASS
SHOW, AT THE NEW DAYTONA
THEATER.

The management of the New Day-
tona theater offers a guaranteed at-
traction for the entire week. This is
the first time that a guaranteed high-
class feature has been secured for a
week stand at popular prices. The re-
sults this week will mean a great deal
toward the class of attractions secured
for future bookings.

The Simple Simon musical comedy
company, here this week, includes sev-
eral acknowledged leading people of
merit, supported by a good singing
and dancing chorus. Robert Kane, here
several seasons ago with the high-class
Manhattan Opera company, will be re-
membered by many, as will also Miss
Florence Ackley. Patrons of the bet-
ter class of musical shows in the east
will recognize a funny, familiar face
upon the first appearance of Gene Ol-
iver, a comedian that is really funny.

Special scenery for each evening's
production will add a great deal to the
effective settings, and the varied mus-
ical and dancing numbers will be a
treat. A male quartet is another fea-
ture sure to please a Daytona audience.
Moving pictures will start in the even-
ing at 7:30, followed by the musical
comedy at 8:15, the pictures to be
run again after the performance. The
Strand War pictures are an added at-
traction today.

ADDITIONAL TO BUSINESS MEN
WOULD BE LESSENED IF AD-
VERTISING SOLICITORS WERE
FORCED TO COMPLY WITH LAW

Advertising today, which has been a source of great antagonism to local news work in various big papers, not only must conduct their sales upon the principle that there is "a market here every minute." That they have been more or less successful in broadening the average business man out of a few insignificant dollars is entirely up to the fact that their schemes are very subtle and little different from the most successful ones.

It has been suggested by F. W. Howe, a leading economist, who writes in *Business Week*, "with an assumption" that the stimulus for increased foreign investment in the United States will be created through permanent lowering this class of business past the same as it is from other commercial companies. It is not generally known, said Mr. Howe, in speaking of the numerous conditions that have been thrust upon the people of this land, within the past few weeks, "that the advertising solicitor Thomas H. Ince, of Los Angeles, is quoted by an editor in the *Los Angeles Times* as having said he had collected by his advertisements, 'Why should public beneficence?' why should be permitted to pay upon the people of this country, could without paying for the privilege of soliciting or attempting to solicit, as the law permits, in a special

"In my opinion," continued Mr. Brown, "the great difficulty is not because of overpopulation compared to many of the solutions volunteers have being proposed by individuals who have more

advice advertising collectors. If they had their just deserts none of these stomach-turging words would be finding lodging out of our native graces."

Fluoride is the main propellant in Empire's de-ice experiments and the trouble there appears to be advertising as often as the reason that they are compelled to pay their share has to do with marketing operations. This is a tendency to discourage such behavior by many firms, since very few companies are likely to find one customer conducting business

**Freemason Learns Fate of Father,

Wanted.—The Bureau of Agriculture gives the following account of the discovery of the first of a Frenchman, living 44 years:

"In the German prison camp at Landsberg there died a French soldier, and a inspection of French prisoners was immediately conducted in the camp."

"As these were laid through the cemetery on their way to the final rest of those suddenly drawn himself upon a single gravestone, saying out, 'It is my father's grave; it is my father's!'"

The hall is meeting well upon the stone the name of the father, who had died while a prisoner of war in 1870, and had been buried in this place.

Shenstone was shocked to the core to remain active as his father's proxy and also to report his letter to his mother in Ottawa that at least he had information regarding his father, who had been missing for 44 years.

ANNOYANCE TO BUSINESS MEN WOULD BE LESSENED IF ADVERTISING SOLICITORS WERE FORCED TO COMPLY WITH LAW.

Advertising fakirs, which have been a source of great annoyance to business men in Daytona this season, certainly must conduct their raids upon the principle that there is "a sucker born every minute." That they have been more or less successful in hoodwinking the average business man out of a few hard-earned dollars is attributable to the fact that their schemes are new and a little different from the usual publicity plan.

It has been suggested by F. M. Rowe, a leading merchant, who doesn't believe in "wildcat advertising," that the license fee be exacted from persons soliciting this class of business just the same as it is from other commercial enterprises. It is not generally known," said Mr. Rowe, in speaking of the numerous swindles that have been thrust upon the people of Daytona within the past few weeks, "that the advertising solicitors' license fee is ten dollars, as provided by an ordinance of the city of Daytona, but has never yet been collected by the authorities." Why these public benefactors (?) should be permitted to prey upon the people of this commonwealth without paying for the privilege of soliciting or attempting to solicit, as the law prescribes, is a question I am unable to answer.

"In my opinion," continued Mr. Rowe, "highway robbery is an honorable occupation compared to many of the nefarious schemes now being perpetrated by individuals who term them-

selves advertising solicitors. If they had their just deserts many of these smooth-tongue rascals would be 'inside looking out' of our states prison."

Numerous towns in the state of Florida of the same proportions as Daytona do not experience any real trouble from agents or advertising solicitors for the reason that they are compelled to pay their license fee before commencing operations. This has a tendency to discourage such endeavor in many cases, hence very few complaints are heard from business concerns conducting legitimate enterprises.

SOLDIER FINDS SIRE'S GRAVE

Frenchman Learns Fate of Father, Who Has Been Missing Forty-four Years.

Munich.—The Neueste Nachrichten gives the following account of the discovery of the fate of a Frenchman, missing 44 years:

"In the German prison camp at Lechfeld there died a French soldier, and a deputation of French prisoners was permitted to attend the funeral.

"As these were led through the graveyard on their return from the burial one of them suddenly threw himself upon a simple gravestone, crying out, 'It is my father's grave—it is my father's!'"

He had in passing read upon the stone the name of his father, who had died while a prisoner of war in 1871, and had been buried in this place.

Permission was granted to the son to remain awhile at his father's grave and also to report by letter to his mother in France that at last he had information regarding his father, who had been missing for 44 years.

Siberian Fur Products.

More than four million five hundred thousand gray squirrels were killed last year in Siberia for their fur. The tails alone weighed more than twenty-one tons. The animal figuring next in number in the fur trade of Asiatic Russia, in point of numbers, was the white hare, which contributed 1,500,000.

To Remove Warts.

The cause of warts is unknown; they are most frequently observed on the hands of children. An efficient home treatment for warts is castor oil. Keep the warts continually wet with oil. If the warts are in localities where they are subjected to injury it is better to have them removed by a physician.

Man's Debt to the Birds.

Few of us, perhaps, realize it, but it is a fact that if there were no seed-eating birds there would be few, if any, berry-making plants—only, at any rate, such as were able to attract the desire of fruit-eating mammals. Hence it is clear that we owe more to the birds for the earth's beauty than is generally supposed.

Indians Are Anxious to Fight Says Maharaja.

Resources of Men and Money Are at Monarch's Disposal—Everybody in India Is for England, He Says.

By W. T. MASSEY.

(International News Service)
Calcutta.—The fifth of India's princes to proceed to the front reached Calcutta recently. He is the Maharaja of Idar, ruling chief of a native state in Rajputana, who is on his way to take up duty on the general staff. The Maharaja granted me an interview, in which he said:

"Everybody in India is for England. A few Bengalese and Punjabis may talk, but they are little people and do not count. All the fingers on the hand are not of the same size.

"India wants to do her duty and knows that duty is to fight for the emperor by the side of the emperor's troops. When we first heard that the contribution of India was to be only 100,000 native troops we were sorry that the number was limited, but the emperor knows the number of soldiers he needs, we said, and we will do his will.

"Now we learn that 200,000 are to go. We are glad to hear the news, for in India many men who were heartbroken at being left behind will now be happy.

"If the emperor asks for a million, two millions, three millions, our pride will be greater and he shall have them, fully trained and steadfast.

"Our resources of men and money are at the emperor's disposal and if he wishes an army as large as the czar's he shall have them. India will furnish the men. Nepal has offered 80,000 men and Rajputana has a standing army of 30,000, but has nearly 600,000 recruits. Did Germany count on that?

"To fall in battle is not to die. Our names will live forever and our families will be proud of us.

"The Maharaja of Jodhpur, who is only seventeen years old, offered his services, but the viceroy said he was too young. He wept at his disappointment. His mother also wished him to go, and he wrote several letters to the viceroy asking what it would matter if he were killed, as he had three brothers.

"My son, fourteen years old, wanted to come with me. I told him when my duty had been done he should follow me.

"Our ladies want us to fight for the emperor. When I was appointed to the staff I was told I could not take a suite of servants and would be limited to two grooms and a dressing boy.

"My syces, whom you see with me, are sirdars, holding the rank of captain. My personal servant also is an officer. They will groom my horses and attend to me, but when there is fighting to be done they will fight.

"I have also taken 12 dispatch riders, all men of good birth. Many chiefs are serving as sepoy and troopers.

"When I knew I was going to

France I invited some of the head men to a dinner and gave my military secretary directions for carrying on my business. I regretted that I could not take him with me. He bowed to my decision, but when the dinner was over he went to his rooms and shot himself.

"The syces who brought my horses to Bombay hid themselves on the transport and tried to come to us. They were discovered and sent home very unhappy."

I asked the maharaja if the war with Turkey would have any effect on his coreligionists in India. His highness replied:

"Certainly not. Turkey is a football and has no influence in India. Indian troops perhaps will fight Turkish soldiers and if they do they will be lucky men and will regard themselves as fortunate."

HOTEL MEN TO MEET AT THE DESPLAND THIS EVENING

The first 1915 meeting of the Hotel Men's association will be held at the Hotel Despland tonight at 8:00 o'clock. As this probably will be one of the most important meetings of the season it is hoped that as nearly all of the members as possible will be present.

Japanese Sweetmeat.

Somewhere in Japan about two thousand years ago they made a honey from the starch of barley and called the product barley honey. This became a very popular article of food and, combined with rice flour, has become one of their national foods. It is a most desirable sweetmeat, healthful and delicious.

Machinery's Wondrous Power.

It is said that it requires the strength of twelve men to be equal to one horsepower. It would require 840,000 men to produce as much energy as the 70,000 horsepower developed by the turbine machinery in a big Atlantic steamship. If the men worked on an eight-hour shift, it would require 2,520,000 men to drive the vessel across the ocean. The power of two and a half million of men is concentrated in one engine.

FOUR CASES DISPOSED OF IN MAYOR'S COURT

Three young Chastian brothers—Tom, Allee and Harold, were arraigned in the municipal court Monday morning, on the charge of unlawfully discharging firearms within the city limits. Complaint was made by W. K. Wesburg, who claimed that the boys had annoyed him by shooting on his premises Christmas day. Because of the insufficiency of the evidence against them, the cases against two of the lads were dismissed, but Allee, the youngest boy, was ordered by Mayor Titus to pay a fine of \$3.00, to include the costs.

Paul Wells and T. C. Pasco, both colored habitués of coontown, were present to answer to the charge of having been disorderly in a pool "palace" for negroes. Paul promptly pleaded guilty when given the opportunity, but Pasco couldn't see it that way; so the matter was threshed out with more or less interesting detail. From the testimony adduced it was evident that Paul had "cussed at" and otherwise threatened Pasco, the latter having been delinquent in liquidating a certain obligation to the aggressor. His honor regretfully commanded Paul to pay two pairs of "plunks" for his "persecution" of Pasco. Here is Wells' version of what occurred: "Cap'n, dey wuzzer matter of two bits dependin' 'twixt me an' Pasco here, an' when I sees him a-shootin' pool I suddenly disremembered dat I needed de money, so I walks up to 'im, I did, an' says sorter perlit lak, 'Mistah Pasco, I sees you's got money for to shoot de game with, so I'd lak for you to pay dem twenty-five cents you owes me.' When I says dat, Pasco he slams his cue down on de table an' upshot all de bails an' sorter behave

sean-lous lak wid his mouf. Den I says, 'an' tol' him if he'd sot in jes' to show de niggah in hisse'f by not payin' his hones' an' jes' debts, he could go to h—'."

After Paul paid his fine he was heard to remark, 'I sho' ain't gwine to try to c'lect no 'mo' twenty-five centes.'"

SILVER BEACH DRIVE

Silver Beach avenue, which commences at the end of the South bridge and extends to the Atlantic Ocean is being widened and made a 70-foot boulevard. Palm trees, ornamental shrubs are being planted in the center and the street will be hard-surfaced on both sides with shell. City water, gas, electric lights and fire plugs have already been installed along this street.

Property fronting on Silver Beach avenue, due to its location, being only five minutes' from the center of the business section of Daytona, has always sold at a good figure. In opening up Bostwick Park on the south side of Silver Beach avenue and in putting in the many improvements this property will have, will increase materially the value of all property on Silver Beach avenue.

A concrete approach has been built at the end of Silver Beach avenue so that automobiles can get down on the ocean beach. After crossing the South bridge this road connects with Daytona on Orange avenue, which is one of the principal streets running through Bostwick Park.

The lots along Silver Beach avenue are restricted so as to always insure a high class property. All dwellings will be built back 30 feet from the front line of the lot, thus giving the property a parklike appearance. \$2-

THEIR LIVES.

Making an aeroplane flight after dark, a feat which, it is said, has been successfully performed by no other aviator in America, was accomplished by Ruth Law at ten o'clock Saturday night, from the hangar on the beach at Seabreeze, this being one of the novel and thrilling features associated with the opening of the Nautilus casino.

The daring lady flyer got away without the slightest mishap, quickly ascended to a height where she could no longer be seen even in the bright moonlight, then descended and circled the aviation field a number of times, finally landing gracefully within a few feet of her starting point.

Despite the chilly atmosphere a large crowd was on the beach to witness the flight.

Atmospheric Pressure.

Atmospheric pressure is no myth. It is a fact that a man of the ordinary size sustains a pressure of about fourteen tons. This enormous pressure is exerted equally in all directions and permeates the whole body, with the result that no inconvenience arises in consequence of it.

"SAILING" AND ROLLING BOTH POOR ON ST. JOHNS ROAD

Towed by the launch of Hon. Amos W. Corbett, mayor of St. Augustine, a lighter bearing three automobiles arrived here Sunday morning. The several cars, one of which was the Hotel Despland's new motor 'bus, were being driven from Jacksonville last week, and at a place on the road about 12 miles south of St. Augustine they, together with four other machines, encountered mud so formidable that the trip had to be abandoned, for the time being. After three days' delay, arrangements were made to send three of the autos to Daytona in the manner above stated.

It is understood that the East Coast roads are rapidly improving, owing to the fair weather which prevailed for several days.

Lesson to the Thoughtful.

The calm sea says more to the thoughtful soul than the same sea in storm and tumult. But we need the understanding of eternal things and the sentiment of the infinite to be able to feel this. The divine state is that of silence and repose, because all speech and all actions are in themselves limited and fugitive.—Amiel's Journal.

LOOKING FORWARD TO A BIG SEASON

AUSTIN HOTEL UNDER NEW MANAGEMENT HAS BEEN MADE TO RANK WITH BEST IN SOUTH-LAND.

The Austin hotel, under the management of Messrs. J. J. Wegman and H. Cattaneo, promises a record-breaking season for the new proprietors, which is certainly due them as a reward for their progressive methods and up-to-date ideas now being put in practice. Every detail that would tend to enhance the comfort of guests has been looked after until the house, inside and out, is as near perfect as hard work and money can make it.

A large motor 'bus, to be used for the conveyance of guests to and from the railroad station, will be run in connection with the hotel this winter, which is only one of the many additional conveniences never before enjoyed by Austin patrons. The hotel lobby, instead of being a lounging room for men alone, has been divided in such a manner as to provide a place for the women as well as the men without isolating either. A dining room with a seating capacity of 150 persons, is another feature which the new proprietors have wisely considered, making it possible to serve meals to a large number of transients other than the regular hotel patrons. Bath rooms and lavatories for both men and women have been provided with hot and cold water, and the Austin throughout has been made to rank with the best hostleries in the southland. Reservations for accommodations are daily being made which only goes to prove that popular management will accomplish more in a short time than unpopular management will in a whole season.

Greek Coins Most Perfect.
Between the rude issues of Asia Minor and the most perfect coins of the Greek states is an interval of three centuries, during which all that is known, or probably ever will be known, in beautifying a steel die was achieved. So far as design is concerned, the Greek coins were simply perfect. No modern coins can compare with them in beauty.—Scientific American.

HAMILTON HOTEL SECURES

"QUALITY FOUR" ORCHESTRA

The Hamilton hotel, which opened for the season on New Year's day, is again under the able management of its owner, Mrs. I. M. Mabbette, who has assisting her as clerk her stepson, C. M. Mabbette, who returned to Daytona recently from the west. Mrs. Mabbette proposes to do everything possible for the pleasure and entertainment of her guests, and in this connection has secured for the season the "Quality Four" orchestra, a Connecticut musical organization, of which V. L. Judson is conductor, Yens J. Schjodt, violinist, Charles E. Hanes, cornetist and Walter J. Daman, trap drummer. The Hamilton is a modern hotel, centrally located, and will be popular under Mrs. Mabbette's management.

Cotton in the Transvaal.

An expert has expressed the opinion that cotton, as compared with maize, was a more adaptable plant in the drier country in the northern Transvaal, and on the whole yielded a more profitable crop. It is estimated that from a good average crop there should be obtained from 800 pounds to 1,000 pounds of seed cotton per acre, which would represent a net profit of \$25.

REMOVAL TO FLORIDA

CAUSED GENERAL REGRET

The removal from Moorestown, N. J., to this city of Rev. Dr. and Mrs. Robert McKay caused general regret in Moorestown, the Moorestown Chronicle containing the following notice of their departure being a high tribute to their popularity: "Rev. Dr. and Mrs. Robert McKay left Moorestown on Tuesday for their new home in Daytona, Fla., where Dr. McKay was called to the rectorship of St. Mary's Protestant Episcopal church. They went south over the Pennsylvania railroad, leaving West Philadelphia station on Broad street at 5:40 p. m. Universal regret has been expressed at the leaving of Dr. and Mrs. McKay, not only by members of his own congregation, but of other faiths as well. Dr. McKay labored for over 16 years in Moorestown and was noted for the uniform attention he paid his parishioners, rich and poor alike."

There is a Public Stenographer in this Office.

John S. Murray, of Toronto, Canada, spent Saturday at the Prince George, and while in the city made arrangements, through the A. E. Donnelly agency, to occupy during the season one of the Thompson bungalows at Daytona Beach. Mr. Murray, who was here one winter four or five years ago, will return soon with his family.

Miss Helen Somner, a college friend of Miss Florence Bingham, departed Saturday for her home in Salisbury, N. C., after a pleasant holiday visit with Miss Bingham in this city.

C. E. Bonner, of Bungalow Park, has sold his residence property on Mulberry street, Kingston, to R. Virbyke, of Lima, Ohio, who is occupying it with his family.

Miss Elizabeth Stones, who had been making a holiday visit here with her brother, Fred Stones, and family, at their home on Bellevue avenue, departed Saturday for Geneva, where she is teaching school.

Miss Marguerite Cochran and Miss Anne Bardin of Bunnell were the guests of Mr. and Mrs. M. M. Johnson from Thursday until Friday of last week at their home, 107 Cedar street.

L. L. Hebert, lately of Springfield, Mass., arrived Saturday evening to assume the position of cashier at the Ridgewood hotel. Mr. Hebert formerly was cashier for the Kimball, one of Springfield's better hostilities. Forty other members of the Ridgewood staff of employees also arrived from northern points Saturday.

Hon. Elliott T. Slocum, of Detroit, formerly United States senator from Michigan, after spending some time very pleasantly at the Prince George, left for Miami, via the East Coast railway, Saturday. The distinguished gentleman was greatly pleased with Daytona, and it is not unlikely that he will renew his acquaintance with this locality later in the season.

Mr. and Mrs. E. N. Webster and Mr. and Mrs. N. O. Webster, from Frederick, S. Dak., were here Saturday and Sunday, at the Prince George. The Messrs. Webster are prominent cattlemen of the Dakotas and Iowa, and are much impressed with the apparent possibilities for successfully growing cattle on a large scale in Florida. The party went from here to West Palm Beach.

Frank J. Carlton, of Charles City, Iowa, arrived last Saturday to spend the remainder of the winter with his mother and sister, Mrs. Julia R. Bolles and Mrs. L. C. Keech, at their home on First avenue. Mr. Carlton had not seen his mother and sister since they came to Florida, 25 years ago.
